

# ARE YOU

STOCKPORT  
COLLEGE

# COLLEGE READY?

## What is Plastering?

Plastering level 2 take's the basic skills learned at level 1 and helps you be ready for the work place. Setting ceilings, floating walls, direct bond, casting and fixing fibrous components and rendering are covered in greater depth. Window reveals, light switches, and sockets will be covered, as will difficult backgrounds like Artex and flaky paint, to help you extend your level 1 skills into skills that will help you earn money.

## Research to help you with your course next year

### RESEARCH TASK 1

Name another product to prepare a background for a setting coats other than PVA?

### RESEARCH TASK 2

What colour of plasterboard is used for soundproofing?

### RESEARCH TASK 3

What is direct bond?

### RESEARCH TASK 4

Use British Gypsum whitebook on-line.

## College Ready Tasks

Working well as part of a construction team means knowing about what others do on site - meaning you will also need to know a bit about other aspects of construction.

### TASK 1

What are the 4 main types of foundations?

### TASK 2

What is a wall plate?

### TASK 3

What are Hatchings?

### TASK 4

What is the basic PPE that you would wear on site?

Stay safe, enjoy your Summer and I look forward to welcoming you to Stockport College in September. Any questions please contact me on [darren.maher@fcg.ac.uk](mailto:darren.maher@fcg.ac.uk)
