

CONSTRUCTION BUILDING (PAINTING & DECORATING)

Level 2, Apprenticeship Framework

ELIGIBILITY/ENTRY REQUIREMENTS

- 5 GCSE's grades 3-9 including maths and English or equivalent.

Construction is a multi-billion pound industry that deals with developing the underlying structure of anything from maintenance and development of domestic properties to large commercial developments. Almost two million people are employed in the UK Construction industry with a diverse range of skills. Apprenticeships are well recognised and valued as an entry route into the industry. Apprentices with the determination and willingness to work hard will find plenty of scope to move up the career ladder.

Apprentice Painter and Decorators will typically work on a construction site or in domestic and commercial premises, to given specifications, preparing background surfaces for painting and applying paint by brush and roller. Learning to hang standard wall coverings with training on and off the job.

Apprentices will receive training at college one day a week learning practical skills in our workshops and developing the underpinning knowledge. We also support all our apprentices to achieve Maths and English where required. The rest of the week is spent in the workplace gaining invaluable experience on the job.

APPRENTICESHIP REQUIREMENTS
