FOREWORD

Why study with the Trafford College Group?

The Trafford College Group is one of the largest colleges in the UK, formed from a merger in April 2018 between Stockport College and Trafford College. The College operates from three campuses along a 10 mile stretch of South Manchester.

Our experienced and dedicated staff will ensure that whichever course you study, you will gain a wealth of experiences that will help to prepare you for, or further, your career in the education sector.

Gemma Hawkley-Holt

Head of The Quality of Education
The Trafford College Group

INTRODUCTION

We are committed to providing high quality experiences for our students

We believe in the transformative power that education has and our programmes enable you to realise that potential for yourself and your students.

Research informed education is at the centre of our approach. You will benefit from strategies and demonstrations that are at the forefront of educational research. You will also be encouraged to take up this approach yourself to enable you to discern useful initiatives from ones that have little impact for your students.

We look forward to working with you and supporting you on your journey.

TEACHER TRAINING COURSES

TEACHER TRAINING COURSES

Level 3 Award in Education & Training

This programme is designed to follow the new national standards for Further and Higher Education.

If you work as a trainer or want to begin teaching as a career, this introductory course helps you to understand the teaching methods, principles and skills required by the education sector.

It is intended as a 'taster' and will provide you with a starting point if you wish to progress to a full teaching qualification. Students who have successfully completed this programme often progress onto the Level 5 Diploma in Education & Training.
